

## NORTH CORNER HAVEN

WHERE FARMING MEETS FAMILY

72

LANCASTER, SC, July 23, 2018—North Corner Haven is now offering the “NCH Buying Club” allowing customers to order products directly to the farm and pick them up in Charlotte. North Corner Haven is partnering with both Free Range and Hyde Brewing to give their customers convenient locations to pick up their Farm Fare.

“We are excited to launch this program and introduce people to our products and strengthen our ties to local Charlotte businesses,” says Catherine Dooley, Director of Marketing and Events.

Each season, those who are interested will have the opportunity to join the NCH Buying Club. Members will be able to order fresh farm produce and meat products based on a first-come-first-serve basis. Their orders will be hand packaged and delivered to a convenient host location for pickup on Thursdays.

“We love the CSA model and how it introduces locals to fresh product. However, with the added meat products and specialty items we are looking to sell, an a la carte based system made sense for us,” says Dooley.

North Corner Haven plans to offer more product and extend further pickup locations as the farm grows.

--
